

GLAX

Glax's LED High bays are best performer in their class, robust design makes it ideal for multipurpose applications, equipped with latest LED's technology with superior efficacy of 130LM/W for 70W to 200W, 140lm/W for 240W, higher efficacy 160lm/W available upon request, various optics for narrow to very wide beam angles suitable for open space or racks to provide precise illumination at required space, rugged construction made it suitable for harsh environments, available in three different sizes, suspension system with chain or surface mount fixed or adjustable brackets.

Material- Aluminium alloy body with electrophoresis treatment.

LED source- SMD

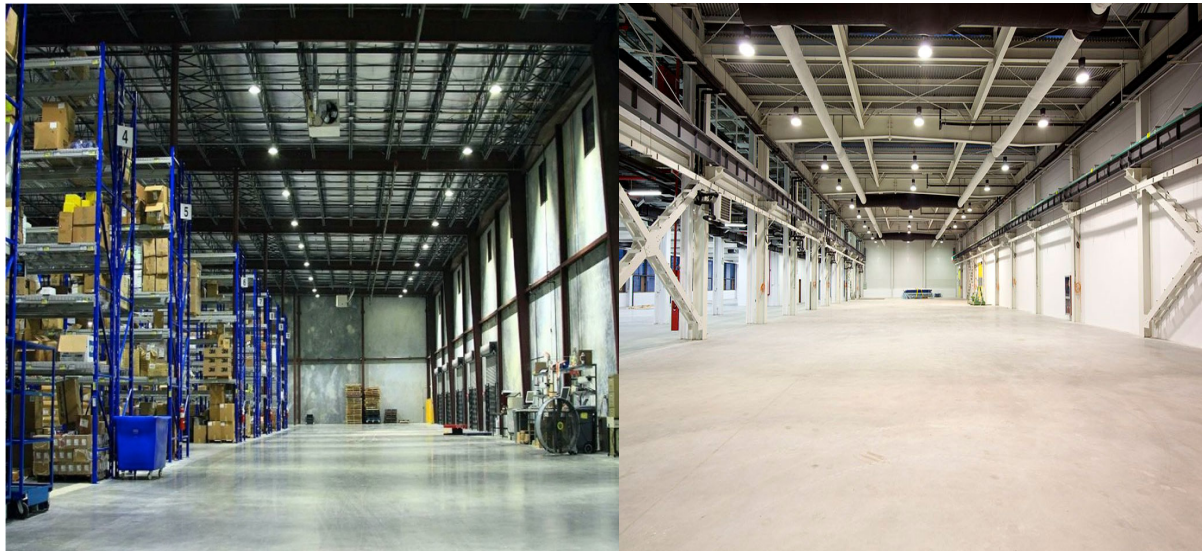

Efficacy- 130-160lm/W

Input voltage- 100-277V 50/60Hz

Life: 109,000 Hours L80

Warranty: 5 years
